**CPA Practice Advisor Honors Monika Miles with “The Most Powerful Women in Accounting” Award**

***President of Labhart Miles Consulting Group Makes List for Second Year in a Row***

San Jose, Calif. (November 25, 2013) – Monika Miles, co-founder of Labhart Miles Consulting Group, Inc., has been named one of “The Most Powerful Women in Accounting” by CPA Practice Advisor for the second year in a row. Last year, CPA Practice Advisor realized that women were not receiving the recognition they deserved despite their enormous influence on the accounting profession. “The Most Powerful Women in Accounting” award recognizes women who are making the greatest impact on the tax and accounting profession.

“I am honored to be included on such a prestigious list of successful women for a second time,” said Monika Miles. “I hope I can continue to help inspire other women to excel in the field as well, particularly women that are just beginning to enter leadership roles and find their stride in their careers.”

“The Most Powerful Women in Accounting” is a prestigious award highly esteemed by both the honorees and others within the accounting profession. The 2013 honorees each have unique stories and contributions to the accounting world. CPA Practice Advisor says it’s impossible to work within the profession and not feel the impact that these women are making on the community. These women are all united in their passion for and desire to impact and grow not just the current state of accounting, but future professionals as well.
